9.1.3 2006 General Meeting – Concepción, Chile

9.1.4 2007 Executive Committee Meeting

The location of 2005 SCOR meeting has not yet been determined, although there has been a preliminary expression of interest from Norway. Considerations for determining the locations of annual SCOR meetings are based on

1. Receiving an invitation from a National SCOR Committee. SCOR meetings can be an opportunity for national SCOR committees to meet with the SCOR Executive Committee and for the National Committee to acquaint their national oceanographic community with SCOR and its activities.
2. Confidence that the national SCOR committee will provide the necessary logistical support and financially reasonable arrangements.
3. Movement of the annual meeting to different parts of the world to bring it closer to different sets of member nations, on some kind of rotating basis.

The SCOR Executive Committee welcomes invitations from National Committees for SCOR meetings in 2005. The following list shows where and when all past annual SCOR meetings were held.
