

SCOR General Meeting
Bremen, Germany
September 14– 18,
2014

Information for participants

Welcome to Bremen! It is an independent city state in Northern Germany and consists of the cities of Bremerhaven and Bremen, with a population of nearly 550,000 inhabitants. Bremen is located 68 km south of the river Weser's mouth on the North Sea, which can be reached within approx. 60 minutes from Bremen. Bremen has an interesting historical background, dating back to the town's foundation around the year 800, important trade and, of course, its University of Excellence! Places of interest are - among others - the town's characteristic 'Roland' (statue built in 1404), a symbol of freedom, the popular 'Bremer Stadtmusikanten' ('The Bremen Town Musicians', popular fairy tale by the Brothers Grimm), the impressive City Hall (built in 1409- UNESCO World Heritage Site) and the Old Town known as 'Schnoor' with its little houses, narrow streets, souvenir shops, restaurants and pubs.

Since 2000, Bremen has been building a new district called 'Überseestadt'. Formerly a basin for vessels discharging goods from overseas, it was filled with over three million cubic meters of sand in 1998. Comprising 300 acres, the area is three times as large as Bremen's Old Town, making it one of the largest urban development projects in Europe.
