Dear Mac:

Thank you for your letter of 2 November with the enclosed check. I in turn return the signed receipt.

I have accepted Lloyd's offer and will be Vice President for Development of the Graduate Research Center of the Southwest, Dallas 5, Texas. I go down next week for about ten days and then I do some moving back and forth until I settle down there regularly in January. The office here will stay open presumably until the end of the year.

I do hope our paths cross from time to time in the future. All the best.

Most cordially yours,

Robert G. Snider
