Who can apply?
Scientists, technicians, postgraduate students or post-doctoral fellows from developing countries and countries with economies in transition (priority is given to early-career scientists).

Priority Areas
- Fixed-point time-series observations (e.g. contributing to OceanSITES, IODE Ocean Data Portal, WOD and/or other shared data systems)
- Large-scale, operational biological observations including biodiversity and other biological Essential Ocean Variables (e.g. Continuous Plankton Recorder and other programs)
- Emerging technologies for ocean observations
- Coastal observations/ Coastal zone management
- Oxygen and other biogeochemical sensors on Floats and Gliders
- Time series measurements of N₂O and CH₄
- Ocean observations and modelling in the Indian Ocean
- Ocean and coastal modelling
- Optical measurements of living and non-living particles

What is covered?
- International airfare
- Transport from airport to host institution
- Contribution towards living expenses

What is NOT covered?
- Domestic travel in home country
- Visa costs and insurance
- Salary/bursary
- Training costs

Deadline 31 March 2020
