

The Southern Ocean Observing System is turning 10!

Join us for a celebration of SOOS' achievements of the last decade, and hear about our plans for the next decade of supporting international efforts to observe the Southern Ocean!

1st September, 11:00-13:00 UTC

Register: <https://airtable.com/shrl3mWQcGi1e4uc>

Agenda:

Welcoming Address (M. Williams)

Decade of SOOS (chaired by S. Moreau)

- Why did SOOS develop (E. Urban)
- Science of SOOS (S. Gille)
- SOOS data (P. Bricher)
- SOOS International Project Office (R. Coleman)
- SOOS in the global network of observational and Antarctic programs (R. Badhe)
- Career growth and support through SOOS (S. Swart)
- Flash presentations on the benefit of SOOS
(R. Mathalagu, J. Höfer, S. Henley)

Next Decade of SOOS (chaired by S. Henley)

- SOOS Science and Implementation Plan (S. Fawcett)
- Reflection on the changing landscape of observational programs (TBA)
- SOOS regional coordination (S. Moreau)
- Flash presentations on upcoming opportunities
(P. van der Merve, A. Constable, S. Diggs, B. Schmidt)

Closing Address (E. Hofmann)
