

The International Association of Meteorology and Atmospheric Sciences

Overview of IAMAS activities since 2022

Joyce Penner
Ex-President, IAMAS

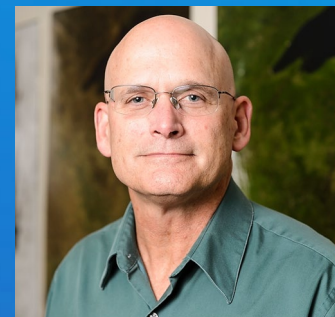

International Association of Meteorology and Atmospheric Sciences

John Turner,
Past President

Joyce Penner,
President

Steve Ackerman,
Secretary General

John Burrows,
Vice President

Mary Scholes,
Vice President

Jing Li,
Chair Early Career
Scientists

The outgoing IAMAS Bureau has been meeting monthly, to decide day-to-day operations of the organization

The 2023 - 2027 Bureau of IAMAS

- President - Andrea Flossmann (Germany)
- Secretary General – Keith Alverson (Canada)
- Vice President – John Burrows (Germany)
- Vice President – Mary Scholes (South Africa)
- Past President– Joyce Penner (United States)
- Early career scientist – TBD

Andrea Flossmann

Keith Alverson

The 2023 - 2027 Members at Large

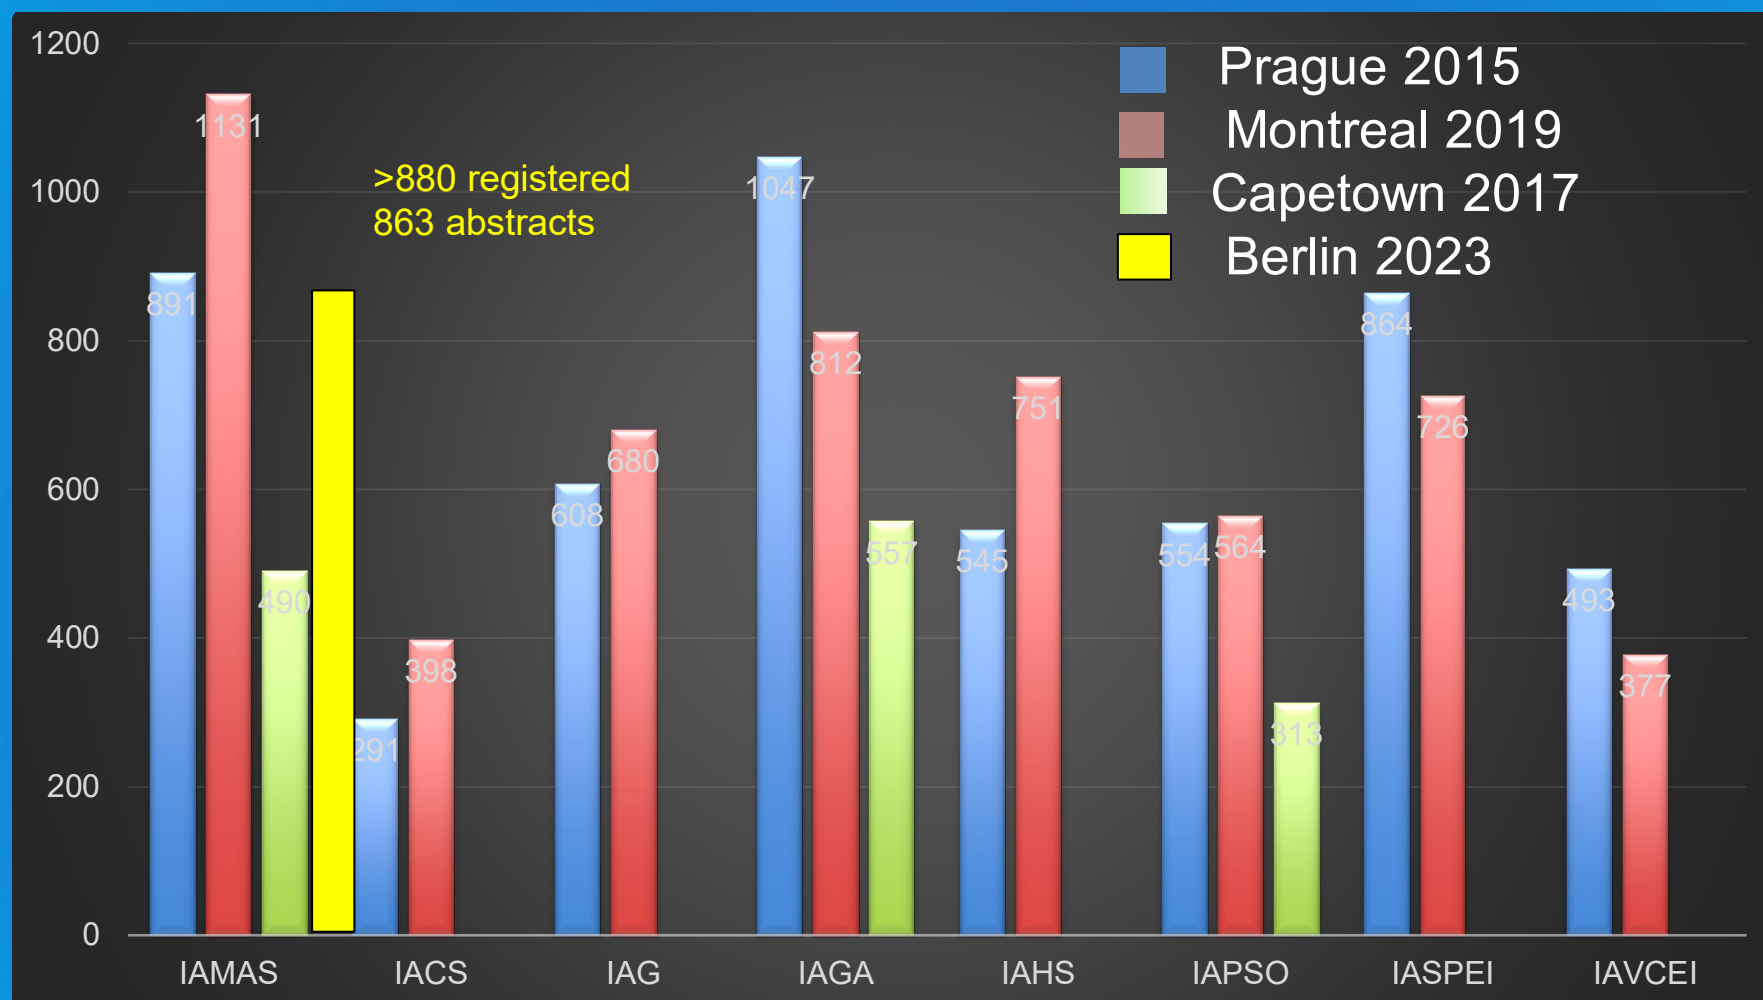

- Neil Holbrook (Australia)
- Marilyn Raphael (USA)
- Tirusha Thambiran (South Africa)
- John Turner (UK)
- Mu Mu (China)

International Association of Meteorology and Atmospheric Sciences

Abstract submission for Berlin 2023 in comparison with previous meetings

International Association of Meteorology and Atmospheric Sciences

Certificate

The IAMAS Early Career Scientist Medal 2023 to

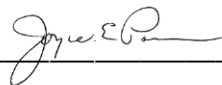

Cheng Sun

For his significant contributions in the area of atmosphere-ocean interaction
and climate dynamics

This is to certify that the IAMAS Early Career Scientist Medal 2023 was awarded to
Dr. Cheng Sun

during IUGG 28th General Assembly in Berlin on July 12, 2023

Joyce E Penner
IAMAS President

IUGG

International Association of Meteorology
and Atmospheric Sciences

IAMAS

Steven A Ackerman
IAMAS Secretary General

10 IAMAS Commissions:

(cf.

www.IAMAS.org/Commissions.html) **ICACGP**, **ICAE**, **ICCL**, **ICCP**, **ICDM**,
ICMA, **ICPAE**, **ICPM**, **IOC**, **IRC**

International Commission for **Atmospheric Chemistry** and **Global Pollution**

International Commission on **Atmospheric Electricity**

International Commission on **Climate**

International Commission on **Clouds** and **Precipitation**

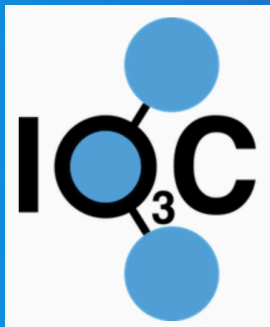

International **Radiation**
Commission

International Commission on **Dynamical**
Meteorology

International Commission on the **Middle Atmosphere**

International O₃ Commission

International Commission on **Polar Meteorology**

International Commission on **Planetary Atmospheres** and their **Evolution**

10 IAMAS Commissions:

(cf. www.IAMAS.org/Commissions.html) **ICACGP**, **ICAE**, **ICCL**, **ICCP**, **ICDM**, **ICMA**, **ICPAE**, **ICPM**, **IOC**, **IRC**

International Commission for **Atmospheric Chemistry** and **Global Pollution**

International **Radiation**
Commission

International Commission on **Clouds** and **Precipitation**

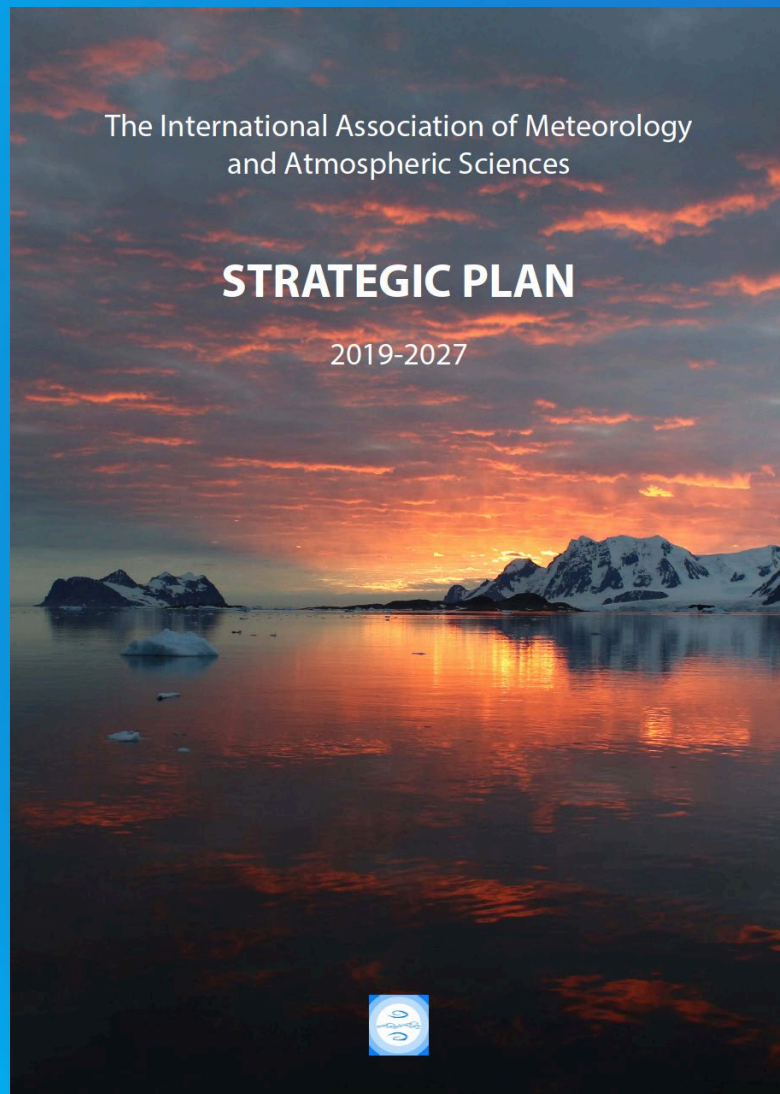

International O₃ Commission

These 4 commissions have large separate meetings every 4 years, and meet with IAMAS and IUGG in the years between their separate meetings

We are continued to implement our Strategic Plan adopted in 2019

Highlights of changes:

- Formed an ECS committee and invited Jing Li (China) to Bureau meetings
- Initial term of SG is now 4 years (not 8)
- Constructed a new website under which commission websites are published
- Found a permanent home for IAMAS finances (Steve Ackerman agreed to continue until transfer to new SG and President is complete)
- Better links with WMO through appointment of Mary Scholes as representative

- Our income is around \$35K from IUGG, plus the assembly head tax
- Our funds were until recently at the Postbank in Germany.
- John Burrows acted as “honorary treasurer” expect new bureau to consider this (or a deputy SG) in the future
- Found a permanent home for IAMAS finances at the Chase Bank (it was quite a heroic effort by Burrows and a lawyer to get the Postbank to transfer our funds)
